OUR MISSION

We are committed to continuously improve the safety, health & environment of all people working with us and our aim to deliver best quality products and services that fulfil customer's expectation to achieve excellence in their operation.

SOLUTIONS

Every customer will have a peace of mind when it comes services support from us. We give our customers complete confidence by ensuring they receive the best solution and services.

ABOUT US

Hoshi Marine was registered in Singapore as a Private Limited with a goal of high quality, efficient inspection, repairing and servicing of ships, tankers & other ocean-going vessels.

Our Strength and strategic growth come from its asset of talented, trained and experienced professionals (Worked with various Maker Companies) who are able to deliver quality systems and constantly provide innovative and cost-effective solutions for our customers.

Based in Singapore, we can carry out our tasks in Singapore and worldwide ports and during vessel voyages.

The Company is committed to providing 24hrs x 7 days emergency services for all types of vessels, including oil tankers, bulk carries and container liners.
